

Friendship Bench

The children on the Boardman Council decided that they would like a Friendship bench to be available at playtimes. The Friendship bench will be used by a child if they have no one to play with. If someone sits on the bench, then other children can see that they have no one to play with and they are encouraged to ask them to join in their games. Hopefully this child initiated idea will ensure no one is lonely at playtimes!

Form II have been studying the Ancient Egyptians this term and yesterday we looked at the process of mummification. We found out that it was a very gruesome process. Fun was had when two of the class were wrapped in bandages to look like 'Mummies'.

Christmas Carol Concert in Magdalen College School Chapel

The Charity NORPIP is holding a Christmas Carol concert in Magdalen College School chapel in the middle of Brackley on Tuesday 6th December, and a large choir of singers from Beachborough is going to be performing. There will be lots of good loud singing for all, and funny readings (including Mrs Banks and Mrs Thomas pretending to be drunk).

Tickets cost £10 for adults and under 16s are free. This includes mulled wine and mince pies and can be bought using the following link; <http://www.norpip.org.uk/carolservice.html> or for cash from Victoria Prentis who will leave the tickets for you in the front hall. Bring anyone - we want to sell out.

Andrea Leadsom MP, Victoria Prentis and a few others launched NORPIP - Northamptonshire Parent Infant Project- on September 5th this year. We aim to help parents who struggle to form relationships with their babies. The charity believes that if these relationships do not develop properly it can have a profound and lifelong negative impact on the child which can result in, amongst other things, anti-social behaviour in later life. We hope to go nationwide in the next few years. Please support us!

Farming Lecture

On Tuesday evening Forms IV and V and some members of the VIth Form were treated to an entertaining lecture on 'Farming' by Messrs. Tredwell, Gulliver and Rymer. Covering all aspects of modern day farming, these three parents spoke enthusiastically about their different challenges and answered several challenging questions from the floor. My thanks to Messrs. Tredwell, Gulliver and Rymer for their time and expertise.
