Music Graduate

Beachborough School is seeking to appoint a Music Graduate Assistant to support our Director of Music.

We have approximately 380 pupils and value the efforts of everyone and remains determined that the 'family feel' influences all aspects of school life, especially pastoral care.

Beachborough is a day school with flexible boarding provision, it is not academically selective unless it is clear the child's needs would not be met by our best possible provision. Beachborough embraces other nationalities as many American families (from a nearby military base) choose the school. This brings a global perspective that is balanced with a culture that celebrates our British heritage. Equally, a Beachborough education is far more than delivering a broad, balanced and suitably demanding academic curriculum as. For example, our new state of the art technology suite offers all pupils access to the subject we call 'TED' (Technology Engineering and Design). This facility compliments other on-site resources, such as our woods, which allow our children to practise their construction skills, by den building at lunch break!

In addition to this, co-curricular activities available in the EYFS to Year 8 are regarded as a major attraction of the school. Beachborough children are also given many opportunities to explore the arts due to our commitment strength and excellence in Music, Drama and Art.

We have a dedicated Theatre, which at present is undergoing an exciting upgrade utilising state of the art lighting and sound provision, which will be completed and up and running before September 2020.

The teachers at Beachborough are focused on the academic journey, just as much as final exams. We are quietly proud of the growing number of scholarships and awards our pupils achieve. Beachborough is a registered charity.
